REMARKS

Public: Opportunity awaits! This home had been in the same family for over 50 years! Situated on the corner of Hamilton and 3rd Street, this home offers convenient access to the Delaware City Marina and is walking distance to downtown attractions, restaurants and parks. Much of the home shows original woodworking and details from the late 1800's. Front and back staircase lead to the 2nd and 3rd floor with three bedrooms (none have closets) and a sewing room and full bath. A neat feature is that at the front staircase you can see up and down all three floors between the railings. The main level features a formal living room, dining room with fireplace, spacious kitchen, laundry area, half bath and enclosed back porch overlooking the large fenced yard with 2 sheds. The basement has a low ceiling and dirt/paver floor, updated gas heater, gas hot water and circuit breaker panel. This home could use some TLC and updating to suit your taste and is priced to reflect work needed. This is an as-is sale and seller will make no repairs.

ADDITIONAL NOTICES TO BUYERS

Government websites containing helpful information include: Office of State Planning Coordination <https://www.stateplanning.delaware.gov/>, Delaware Department of Natural Resources and Environmental Control <https://dnrec.alpha.delaware.gov/>, Delaware Division of Public Health www.dhss.delaware.gov/dhss/dph, Delaware State Police Sex Offender Registry <https://sexoffender.dsp.delaware.gov>, Federal Community Flood Maps <https://msc.fema.gov/portal/home>, and other agencies listed on www.delaware.gov.

All properties are part of larger surrounding areas. Buyers are advised to research Federal, State, and local governmental agencies' websites to become familiar with future anticipated development, global changes, climate changes, tax assessments, and other similar things that may affect the property in the future.

Square Footage: There are different methods of measuring used for different purposes. Acreage of the land and square footage of the buildings quoted on the real estate tax information, marketing materials, advertisements, brochures, MLS data, or appraisal, is only approximate, is not guaranteed, and should not be relied upon.

Tax System Data: Property data, square footage, characteristics, and building permit information in government real estate tax systems may not be accurate and should not be relied upon by sellers and buyers. It can be very difficult to research building permit information.

Additional information for specific sections is listed below:

II. DEED RESTRICTIONS, HOMEOWNERS ASSOCIATIONS/CONDOMINIUMS AND CO-OPS

- Deed restrictions are provisions in a deed or declaration that limit the use of the property. With some exceptions, restrictions cannot be removed by the owner.
- If the property is within an "association", request further information to learn of the covenants and restrictions that the property is subject to.
- More information may be found from Delaware's Common Interest Community Ombudsperson. Learn more at <https://attorneygeneral.delaware.gov/fraud/cpu/ombudsperson/>.

IV. ADDITIONAL INFORMATION

- Check HOA/local requirements concerning responsibility for sidewalk installation, replacement, repair, and snow removal.
- Delaware requires each county to reassess the value of real property on a regular basis. Learn more from the county tax office where the property is located.

VI. LAND (SOILS, DRAINAGE, AND BOUNDARIES)

- **Flood Zone:** Public and/or private flood insurance options exist for most properties even if property is not in a high-risk flood zone. Inquire about options with a qualified insurance agent. More information may be found at the Delaware Department of Insurance.
- **Flood Risk:** Due to location and elevation, particularly with river and coastal communities, the property and surrounding areas may experience flooding from rising sea levels and stronger storms, both now and in the future. Learn more at <https://floodplanning.dnrec.delaware.gov/>. In addition to state regulations, local municipalities may have additional floodplain management rules for property improvements. Contact the local municipality directly to find out about any specific requirements.
- **Wetlands Area:** There are both tidal and non-tidal wetlands. The property may be subject to additional governmental oversight. Inquire further through programs like Delaware Wetlands of the Delaware Department of Natural Resources and Environmental Control.

XI. PLUMBING-RELATED ITEMS

- Learn more about private well and public water testing from the Delaware Division of Public Health's Office of Drinking Water.
